

NETHMI NILAKSHI

Full Stack Developer

nilakshinethmi48@gmail.com | +94773782028 | [LinkedIn](#) | [Github](#)

PROFILE SUMMARY

Motivated and detail-oriented Software Engineering graduate with a Graduate Diploma in Software Engineering (GDSE) from IJSE, and hands-on industry experience as a Full Stack Developer intern. Strong foundation in web application development with experience in modern frontend frameworks and backend technologies. Passionate about building scalable, user-friendly applications and continuously improving technical and problem-solving skills.

WORK EXPERIENCE

Full Stack Developer Intern

6 Months

Redcode Solutions

- Developed and maintained full-stack web applications using Laravel (PHP), NestJS for backend REST APIs and Next.js for server-side rendered frontend interfaces
- Managed source code using Git and GitHub, including branching strategies, pull requests, and collaborative code reviews within an agile team.
- Collaborated with the development team on sprint planning, feature development, and deployment of production-ready applications

EDUCATION

BSc (Hons) Software Engineering – Top-Up (Ongoing)

2026 - Present

ICBT Southern Campus - Galle

Graduated Diploma in Software Engineering (GDSE)

2023 - 2026

Institute of Software Engineering (IJSE)

Completed

Diploma in Information & Communication Technology

2022

Diploma in Advanced English

ICBT Southern Campus - Matara

G.C.E Advanced Level Examination - Physical Science Stream

2018 -2021

Mahinda Rajapaksa College - Matara

TECHNICAL SKILLS

- **Languages** : Java, JavaScript, TypeScript, Python, SQL, PHP
- **Frontend** : React, React Native, Bootstrap, Tailwind CSS, JavaFX, Vue.js, Next.js
- **Backend** : Spring Boot, Node.js, Express.js, Laravel, NestJs
- **Databases** : MySQL, MongoDB

PERSONAL PROJECTS

Hotel Booking System

- Developed aHotelBooking System with Spring Boot backend and interactive frontend using HTML, CSS, JavaScript, and jQuery. Integrated MySQL database with JWT authentication for secure user management, real-time booking capabilities, and role-based access controls . Implemented a payment gateway for online transactions.

Art & Craft Gallery Platform (Fronend & Backend)

- The Art & CraftIdeaGallery is a web-basedplatform where users can share and explore creative DIY craft ideas and art projects with a React.js frontend and a Node.js & Express backend. The platform allows users to upload their own craft projects, view crafts categorized by different age groups suitable for kids, and explore a variety of creative ideas shared by the community.

Daily Journal App

- Developed a lightweight mobile application using React Native that allows users to record daily thoughts, experiences, and moods. Features include creating, editing, and viewing diary entries, tracking mood patterns, and a calendar view for easy navigation of past entries.
